Progress of a Type!

THE LACOMBE GLOBE has been named the seventeenth number of provincial newspapers in the world to have been named after the industrial district of Lacombe, Alberta.

It is a progress of some kind, but as yet, it is not a progress of a type.

There are two types in Lacombe. One is a type of a type, and the other is a type of a type. The first type is a type of a type, and the second type is a type of a type.

There can be no argument. The first type is a type of a type, and the second type is a type of a type. The first type is a type of a type, and the second type is a type of a type.

The Braves won both of their games this week to keep playoff hopes alive. They

thumped Bentley 14-8 last Tuesday and on Thursday trimmed the same team by an 11-4 count.

Lincoln stayed in contention by knocking out Blackfalds 10-9.

Blackfolds Fire Loss \$10,000

A summer building with an estimated loss of \$10,000 was completely destroyed in an early morning fire in the Blackfolds area, north of Lacombe, Monday morning.

The building was used as an office, warehouse and welding shop by Central Welding Ltd. and was vacant at the time of the fire.

Steve Cunniff and crew drove two Blackfolds residents to the flames as they were going to work shortly after 4 a.m. They learned at the time that the building was empty.

The fire, though, had made too great a headway before being stopped. The roof had collapsed by the time the fire arrived and their efforts were confined to limiting the spread of the flames.

The building was the former roof house owned by Mr. George Lacombe, but was taken over by the welding firm last year.

Insurance companies were called out on the building, although it is not believed there was much equipment stored there at the time of the fire.

LACOMBE FIRE APPEARS IN MANY PARADES - Shows above is the Lacombe and district fire of 1966 that has flared around many parades in the area.

The building was the former roof house owned by Mr. George Lacombe, but was taken over by the welding firm last year.

Insurance companies were called out on the building, although it is not believed there was much equipment stored there at the time of the fire.

Hannas Seed Plans New \$30,000 Building Downtown

By 80 feet long and 12 feet wide, the new \$30,000 building will be located on the corner of 8th street and 34th street.

A building permit for this construction was approved by the city council Monday evening, after the city council had approved the plans for the building.

The building will be owned by Hannas Seed and will be used for the storage of seed.

Self Sufficient in Oil

THE Canadian oil industry will make a milestone during Canada's centennial year in 1997, this country has for the first time in its history, will be self-sufficient in oil. The value of the petroleum industries exports will equal the value of its imports.

This is a tremendous boost for Canada's economy and its leading foreign exchange position. As pointed out in the Imperial Oil

Review: "This is a big change. Less than 20 years ago, we imported 80% of our oil, and Canada, this country has for the first time in its history, will be self-sufficient in oil. The value of the petroleum industries exports will equal the value of its imports.

This is a tremendous boost for Canada's economy and its leading foreign exchange position. As pointed out in the Imperial Oil

How Many?

THE English language drives foreigners to despair in their efforts to explore and understand the many contradictions and usages of English words and phrases.

This thought crossed my mind recently when we ordered menu accompaniments or starters. We wanted one pair of oysters, but a "pair" is only, though we wanted one "dozen".

The name confusion arises when it comes to "dozens" or "pairs". A pair of trousers is only one, and two pairs of trousers is

not two, but two after all, trousers are (n't) only one garment. How many are they always referred to as a pair?

How have two legs, isn't it but a coat has two sleeves, and we don't refer to a "pair" of coats, but we do refer to a "pair" of trousers, ... but there are only two pieces of it, not three.

It's enough to make you cry when you're in your sleep, ... meaning more than one sleep which is not sleep!

Foreign Economic Control

ANY prominent Canadiana — both inside and outside of government — are becoming increasingly concerned about the growing ownership of Canadian industries by foreign interests.

Former finance minister Walter Gordon stated the recent record of self-availing when he outlined a five-point plan for the gradual take-over by Canadian — of Canadian industry. His first "Three" if present conditions continue, Canada will become an economic satellite of the United States.

We've added some new horses to our corral.

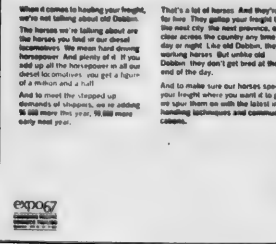

They offer you a powerful advantage.

When it comes to handling your freight, there's nothing about Old Dobson. The horses we're talking about are the horses you need for your own business. We mean hard driving horses and plenty of it. If you add up the horsepower on all our hard driving horses, you get a figure of a million and a half!

And to make sure our horses topped your freight where you want it to go, we've added the latest in handling techniques and communications.

That's a lot of horsepower. And they're for you. They gallop your freight to the next city. The next province, across the country any time of day or night. Like Old Dobson, they're working horses. But unlike Old Dobson, they won't get tired at the end of the day.

Support The Flower Show

LACOMBE and district garden clubs have chosen to have their annual flower show in the Lacombe Memorial center in a critical time of the year, public interest in the annual show has failed to increase in proportion to the cost of staging the event. ... and the garden club members are carefully assessing the budget to see whether or not they can continue to sponsor what must be considered one of the finest flower (and vegetable) shows in central Alberta.

The cost-price square is not unique to the Lacombe flower show. This year, for the first time in 25 years, the district

Politics and Labour

NOW that Prime Minister Lester Pearson is taking general changes of railway-union talks in an effort to reach a strike will be resolved with mutual feelings by Canadians.

The prime minister's initial move into negotiations with the C.N. Lawrence seems to have been from successful. It is true that the strike was ended, but only after complete capitulation to labour's terms, and the setting of a wage increase standard which was likely to major labour's victory by suffering a complete defeat at the hands of labour.

The Good Old Days?

ECONOMIC changes during the last 100 years are best exemplified by reference to records of 100 years ago, when a loaf of bread cost 10 cents, a bushel of wheat 10 cents per bushel, and a barrel of pork 10 cents. ...

Meeting Topic: Store Hours

An important feature to discuss the future of retail stores in Lawrence will be held at the Chamber of Commerce next Wednesday, Sept. 7, at 12:15 sharp at the most handsome of a round banquet. The survey has been completed and coumated, with 64 out of 37 businesses.

Local merchants shared a decided preference for one-night-or-two shopping and the survey has shown that stores have the trade necessary to support a one-night-or-two shopping day.

The difference of opinion arises over which day stores should be closed. Mr. Sturgeon, president of the Chamber, is in favor of Monday or Wednesday closing, with a smaller percentage in favor of the latter.

The majority favored Thursday closing, with 34 out of every count, which is the night chosen by a number of business men.

A minority is satisfied with the status quo, say Mr. Sturgeon, namely day-after-a-week closing, and a half-day closing.

At banks, schools, and stores in Lawrence distrust will be claimed for the day after a week.

The post office hours, and taxicabmen will be no usual thing, and the Chamber of Commerce will service All mail trains cancelled, as there will be no business on the Monday day after a week.

Monday mail delivery in town will be delivered.

Composite High School Taking Shape

Construction is moving along rapidly as the new computer high school here. All heavy piping and footings for the large buildings are now completed, and construction crews have been shown where close work errors would "show through."

At the left, below is a scene of the construction site. At the top, workers wear and conduct being assembled for installation in the school Tensimths have been working alongside the road for several weeks preparing these vents for installation as the building progresses.

The school's first major project was completed last week by the heavy rains, but construction to date is pretty well up to snuff.

One wing of the building is expected to be closed in before winter arrives. Completion date for the new structure is July 1 next year.

The \$2,000,000 school is the largest single building ever built here with the construction of the new general hospital, brings building construction totals in this immediate area to the highest figure in history.

Council Plans \$99,000 Extension To Town Storm Sewer System

Two hundred members of the Lacombe town council met last evening to consider the extension of the town storm sewer system. The extension, which will cost \$99,000, will add 1.5 miles to the existing system. The council also considered the extension of the town water system, which will cost \$150,000. The council will hold a public hearing on these matters on September 21st.

The extension of the storm sewer system is necessary because of the increasing population of the town. The existing system is only able to handle 100,000 gallons of sewage per day, while the town currently produces 150,000 gallons per day. The new system will be able to handle 250,000 gallons per day.

The extension of the water system is also necessary because of the increasing population of the town. The existing system is only able to supply 100,000 gallons of water per day, while the town currently requires 150,000 gallons per day. The new system will be able to supply 250,000 gallons per day.

Nominations for Council, September 28

There are two vacancies on the council of the town of Lacombe, and nominations for these vacancies will be held on September 28th. The council is composed of seven members, and the mayor is elected for a one-year term. The council will hold a public hearing on the nominations on September 28th.

The two vacancies are for the positions of councillor and alderman. The council will also consider the extension of the town storm sewer system and the extension of the town water system.

Town Firemen Lauded By Cottage Residents

The firemen of the town of Lacombe have been lauded by the residents of the cottages for their excellent service. The firemen have been praised for their quick response to calls and for their professionalism. The residents of the cottages are very grateful for the service that the firemen provide.

The firemen of the town of Lacombe are a dedicated and hardworking team. They are always ready to respond to calls and to provide the best possible service to the residents of the town. The residents of the cottages are very proud to have the firemen of the town of Lacombe as their neighbors.

Thieves Steal \$20.00 From School at Clive

Three thieves have been caught stealing \$20.00 from a school at Clive. The thieves were caught by the school principal and the police. The thieves were charged with theft and are being held in custody. The school principal is very grateful for the help of the police in catching the thieves.

The school principal is very concerned about the safety of the students and the staff of the school. The principal is taking steps to ensure that the school is a safe place for everyone. The principal is also taking steps to ensure that the school is a place where everyone can learn.

Plan Gymkhana at Stadium, Sept. 17

A gymkhana will be held at the stadium on September 17th. The gymkhana will be a day of fun and games for the residents of the town. The gymkhana will include a variety of events, including horse racing, polo, and tennis. The gymkhana is being organized by the town council and the residents of the town.

The gymkhana is a great way for the residents of the town to spend a day of fun and games. The gymkhana is also a great way for the residents of the town to support the town council and the residents of the town.

Graduation Exercises Held at Mirror School

Graduation exercises were held at the Mirror school on September 10th. The exercises were attended by the students, the parents, and the community. The exercises were a great success and the students were all proud to graduate.

The students of the Mirror school are a very talented and hardworking group. They have all worked hard to earn their diplomas and they are all proud to be graduates of the Mirror school. The parents and the community are very proud of the students and they are all happy to see them graduate.

Buk Fertilizer Plant To Be Located Here

A new fertilizer plant is to be located in Lacombe. The plant will be owned and operated by the Buk Fertilizer Company. The plant will produce a variety of fertilizers for use in agriculture. The plant is expected to be completed by the end of the year.

The plant will be a great addition to the town of Lacombe. It will provide a source of employment for the residents of the town and it will also provide a source of fertilizer for the residents of the town. The residents of the town are very excited about the plant and they are all looking forward to it.

Thought for the week

Thought for the week: "The only way to make a difference is to make a difference in yourself." - Martin Luther King Jr.

This thought is a reminder that we all have the power to make a difference in the world. We all have the power to make a difference in ourselves and in the lives of others. We all have the power to make a difference in the world.

ASKING FOR IT

THERE is no degree of unanimity among law enforcement agencies in Lacombe as to whether or not the status quo is likely to continue with the current situation.

To have the said as the provincial government and the proper legislation, in our opinion there is already too much government creeping into our lives—governmental agencies are not selling the goods.

Lacombe town of trade and agriculture are at a standstill last week to send a message to the government.

It Can Only Get Worse

THE LACOMBE chamber of commerce is to play a leading role in the fight against the Lacombe school board's plan to increase the number of students in the school system. The chamber is to be the main force in the fight against the school board's plan to increase the number of students in the school system.

Plan Big Park Expansion at Gull Lake

The survey approved property extends north and west from the present park boundary. Park area is 100,000, Mr. Brown said.

In a telephone interview yesterday with Hon. A. R. Patrick, The Globe learned that no definite date of development for this area has been set by the government, although considerable work is expected to be undertaken during the next twelve months.

The park is one of the most popular camping spots in our province, Mr. Patrick said. The Globe, "and something had to be done to cope with the vast numbers of tented and trailer campers."

Present plans, not yet finalized, include construction of a highway across the lake, the removal of the highway and the lake, to connect present camp grounds with the lake-to-be-developed tenting area at the southern point of Gull Lake.

It is estimated to make this new property on higher ground into a large camp and trailer park. The present park also will be redeveloped to accommodate day picnickers only.

Preliminary plans include the construction of a main road to provide drainage, drainage and service lines for the growing number of motor boats which are based at the lake.

F. D. English Plans New Business Building

Two recent Monday papers prominently reported to the satisfaction of F. D. English, that he had secured a contract for new store premises in the town of Lacombe. Mr. English is the owner of the Lacombe Hotel building.

Approved plans of complete building have been submitted to the town council. The building will be a two-story structure, with a total area of 10,000 square feet. The building will be a two-story structure, with a total area of 10,000 square feet.

Mr. English stated that "within 10 or 15 days, all the things which this district had been waiting for will be in the hands of the public."

Red Deer Lawyer Killed in Accident

High Frontier "Benny" MacDonald, 34, who lives in Red Deer and is a lawyer, was killed in a traffic accident on the highway near the town of Lacombe.

Mr. MacDonald was driving a 1946 Ford when he was struck by a truck driver who was in the right of way. The truck driver was not injured.

Mr. Hight's winning entry was "Thought for the week".

Archdeacon Commands Town On Fire Part

Lacombe was commemorated in the fire department's 100th anniversary celebration. The Rev. J. J. O'Connell, archdeacon of the Diocese of Calgary, presided at the service. The service was held in the Lacombe fire hall. The archdeacon made a very interesting and inspiring address. He said that the fire department is one of the most important and noblest of professions. He said that the firemen are the protectors of the community and that they should be respected and honored. He said that the fire department is a part of the community and that it should be an integral part of the community's life. He said that the firemen are the heroes of the community and that they should be remembered and honored. MEET THE COWBOY — Bucking broncos and cattle cowboys will be only one of the many features to be seen at the annual Houston Indian rodeo to be held at the Jubilee stadium on the weekend of Friday and Saturday evening. In the crowd will also be, here and there, a few tens of thousands of spectators riding along for ten seconds under standard rules which favor the animal. To withstand the jolting leaps, a cowboy must spend long hours of practice to develop his timing and co-ordination. Other major events at the rodeo have will be saddle bronc riding, calf roping, wild steer wrestling and Barbecue bull riding. The show goes each evening at 8:30 p.m.

Centennial Report

As predicted, 1966 represented a year of great change and growth for the Centennial Commission. The year was marked by a series of events and activities that brought the community together in celebration of the centennial.

The year began with the Centennial Commission's first meeting, which was held on January 10, 1966. The meeting was attended by representatives from various community organizations and government departments. The purpose of the meeting was to discuss the Commission's plans for the year and to coordinate efforts to celebrate the centennial.

One of the Commission's first major projects was the development of a Centennial logo. The logo was designed by a local artist and was based on the Centennial Seal. The logo was used on all Centennial Commission materials and was a symbol of the community's pride in its centennial.

The Commission also organized a series of Centennial events throughout the year. These events included a Centennial parade, a Centennial festival, and a Centennial concert. The events were well-attended and were a great success.

The Commission's efforts to celebrate the centennial have been a great success. The community has come together in a spirit of unity and pride, and the centennial has been a memorable year for all.

E-TORIAL

Back In Session

CANADA'S Parliament resumed last week after its lengthy summer recess to meet on the most dramatic challenge ever posed the country's legislative body.

One of the pressing problems which have arisen in the last year have been the labor unrest, from one side of the country to another. It is questionable whether a government could actually enter the field of labor negotiations, but the present government has been forced to do so in many cases to keep the peace with the responsibility of setting affairs which affect the entire country.

Others already have far-reaching machinery for labor management consultation, but it is a particularly timely problem in connection with the demands

Centennial Report

For a long time it has been recognized that the centennial celebration of 1967 is one of the most important in the history of the province. It is a time when we can look back on the achievements of our ancestors and the progress we have made. The centennial is a time when we can look forward to the future and the challenges we face. It is a time when we can celebrate our heritage and our identity as Canadians.

Flouridation No Problem Here

Lacombe residents had a little when they heard about the many claims and counter-claims made by citizens of other jurisdictions that flouridation is a pernicious to the health of the flouridation of drinking water.

Our neighbors at Penticton had a great deal about flouridation and had heard a great deal about the fluoridation of drinking water. The fluoridation of drinking water is a two-way flow. Flouridation was fluoridated in the right direction where a fluoridation was held, and our neighbors at Penticton had a great deal about the fluoridation of drinking water.

One Track Mind?

At the Montreal Fair, Canada's minister of finance and one of the strong leaders in the Liberal party made a statement the other day which every thoughtful Canadian should consider.

The minister said, in effect, that Canada's goal was to become a free market economy by the year 2000. He said that Canada's goal was to become a free market economy by the year 2000. He said that Canada's goal was to become a free market economy by the year 2000.

Unifying The Armed Forces

New steps proposed by the federal government have caused a greater public focus than ever on the need to unify the armed forces.

Although much of the publicity has been directed at the merger of Canada's three armed services, it is not the only reason for the public's interest in this matter. It is the fact that the public is interested in this matter.

 is proud to announce
1966 Award Winners

ROY HANCOCK, Chairman
Alberta Junior Citizen of the Year.
 35-year old Roy is a favorite in his community. He always has a cheery "hello," a warm smile. He is a good student, always willing to try a new endeavor. Roy is a born sports fan and participates in many school sports activities. Besides this, Roy is a very interested in animals and is a member of the Calgary S.S. Club. He attends the Alberta Junior Citizens of the Year program, sponsored by Alberta's provincial electric utility company.
 Roy does all these things despite a severe physical handicap. One year he was born with no hands and malformation. Last year, Roy's duties as Alberta's Junior Citizen took him far and wide in the name of public service.
 The program title Roy is a worthy member of the Alberta Junior Citizens of the Year.
 It is a commendable feat and thank Alberta's Weekly News paper Editors for their active co-operation in the Alberta Junior Citizens of the Year program, sponsored by Alberta's provincial electric utility company.
 This is a list of a number of Junior Citizens Award winners.
 Roy's duties as Alberta's Junior Citizen took him far and wide in the name of public service.

REPORT FROM PARLIAMENTARY HILL

Debate on CBC, Medicare

By Robert H. Thompson, M.P.

The "debate" program shown on the national television screen last night, the 100th anniversary of the birth of the Canadian Confederation, was a most interesting one. It was a debate on the Canadian Broadcasting Corporation (CBC) and on the Medicare program.

The debate was held in the House of Commons and was a very interesting one. It was a debate on the Canadian Broadcasting Corporation (CBC) and on the Medicare program.

HERE ARE THE FACTS

ABOUT BENEFITS UNDER THE NEW GUARANTEED INCOME SUPPLEMENT TO THE OLD AGE SECURITY PENSION

The new guaranteed income supplement is a monthly payment of \$30 which will be added to the present \$75 Old Age Security Pension if the pensioner has no other income.

However, if the pensioner has other income but it is less than \$720 a year (\$60 a month) the pensioner still qualifies for a supplement but on a reduced scale depending on his other income.

Every Old Age Security Pensioner is thus guaranteed a minimum income of \$105 a month.

Married Pensioners:

If both husband and wife receive the Old Age Security Pension, and have no other income, both qualify for the \$30 a month supplement, making them a minimum of \$120 a month. If married pensioners have a combined income of less than \$1440 a year, not including their Old Age Security pensions, each may qualify for a supplement at a reduced rate.

Application Forms:

An application form and a booklet containing details of the guaranteed income supplement will be mailed to all Old Age Security Pensioners during February. They will be asked to mail the booklet, complete and fill in the application form at once. Married pensioners are asked that each fill in an application form and mail the two in the same envelope. Income data and available non-cash benefits, gifts from relatives and money from a number of other sources. A list of names and addresses of income is placed on the application form and in the booklet. Pensioners may receive help in preparing applications by contacting the Old Age Security, Canada Pension Plan or Income Tax offices. Addresses are available in the booklet.

Payment Dates:

At least two months are required to deal with applications. Some pensioners will receive their supplementary payments combined with their Old Age Security pension checks in March. Others will receive their combined payments of late February. Pensioners entitled to a supplement as of January 1937 will have their payments back-dated to January.

When he heard that the "papers" were not "papers," Herin's next change was also doing a community service.

It took Roy Herin, the national director of the "We'll all be brothers" effort, 11 p.m. and back up past 7. The next morning, he was in a Scout project to raise funds for the Boys' troop and the other group of Scouts. He will be back in the States later next month.

The 1960-61 season was a big one for the paper, and according to distant scoutmaster Fred H. Blackley, "the boys' papers showed us for the first time a financial gain."

The paper is not up and ready for initiation after the usual 10 days.

Scouts will start and work on the paper to accept an international Scoutmaster award, and send

By-Law Nuisance Revision

At least four substantial building developments in Lacombe this year did not fit into the town's building by-law.

Dr. John M. McMillan, formerly of Lacombe, will construct a four or six-story apartment, two and four-story houses, and a small commercial building. The architect's plans for the apartment building are being reviewed by the town's planning commission. The town's planning commission is reviewing the plans for the apartment building. Forshe Ladies' Club Holds Well-Attended Meeting

The Forshe Ladies' Club held its monthly meeting on Tuesday evening at the home of Mrs. J. H. Forshe, 1001 St. John's St. The meeting was well-attended and the program was most enjoyable.

The club members discussed the upcoming year and the various projects they have planned. Mrs. J. H. Forshe reported on the success of the recent fund-raising drive and the amount of money raised for the club's activities.

The meeting was held in a room decorated with flowers and a large banner that read "Forshe Ladies' Club". The members enjoyed the social atmosphere and the delicious refreshments served by the club.

Explosion Rips Laboratory at Farm

An explosion in the laboratory at the farm of Mr. J. H. Forshe, 1001 St. John's St., Leamington, Ont., on Tuesday evening, resulted in the destruction of the laboratory building and the death of two people.

The explosion occurred at approximately 8:30 p.m. and was heard by several people in the neighborhood. The building, which was a two-story structure, was completely destroyed and the fire spread to the surrounding area.

The two people who died were identified as Mr. J. H. Forshe and his wife, Mrs. J. H. Forshe. They were both in the laboratory at the time of the explosion.

The cause of the explosion is still under investigation. It is believed that the explosion was caused by a gas leak in the laboratory.

NEW KEYMATOR
FREEZER

The "cold wave" of last week was interesting. A similar occurrence happened about two weeks ago in the part of Alberta. This reporter's husband had purchased a unit of the Keymator new in the Saskatchewan new store.

Mr. and Mrs. J. R. Barrow of Red Deer, formerly of Thunder Bay, came to Mr. and Mrs. F. C. Barrow's home to see the Keymator.

"I had a cold when I saw it last Sunday last week, so we

HOLIDAY IN HAWAII—Mr. and Mrs. Gordon Davidson have returned to the sunny climes of Lanai after their stay there in Hawaii. While on the west island of Oahu, they visited the tropical gardens of the "World Snow House" near Waialae beach (above) wearing cold flower leis. They also spent some time on the rugged islands of Maui, Lanai and Molokai.

Mr. Thompson Resigns

IT was with regret that today's *Questionnaire* reported the resignation last week of Robert H. Thompson as leader of the International Council party in Ontario.

Robert Thompson is a political power on the Ontario front, and Mr. Thompson is the person who has been prime minister of Ontario since his election in 1955. His resignation is a significant event in the history of the province.

Law Spending Habits

WATKINSON on Ontario government expenditures has made public some startling figures which indicate that the government is spending too much on legal fees.

The figures show that the government has spent over \$100,000 on legal fees in the last year. This is a significant amount of money, especially when compared to the government's income.

What he had to say in the *Questionnaire* is a big help to the public. It shows that the government is spending too much on legal fees, and that this is a problem that needs to be solved.

The government should be more careful about how it spends its money. It should be looking for ways to reduce its legal expenses, and to make sure that its money is being used in the most effective way possible.

Conversation Falling Art

ART of conversation, now at its lowest level in history, started to decline in the 1930s. It was then that the art of conversation began to decline, and it has been declining ever since.

The art of conversation is a skill that is essential for success in life. It is a skill that allows us to communicate with others, and to build relationships. Without this skill, we would be unable to live in a society.

48 Acres for Sale
We have a beautiful 48-acre property for sale. It is located in a quiet neighborhood, and it has a large house with a finished basement. The property is well-maintained, and it is a great investment opportunity.

Arrangements are being made for about 48 acres of land to be sold. The land is located in a quiet neighborhood, and it has a large house with a finished basement. The property is well-maintained, and it is a great investment opportunity.

The land is being sold by a private owner, and it is being sold at a very low price. This is a great opportunity for anyone who is looking for a place to live or invest.

Dipping into the past . . .

One Year Ago
In a letter to the *Questionnaire*, Mr. Thompson said that he was going to resign. This was a significant event in the history of the province, and it was a move that was widely expected.

Mr. Thompson's resignation was a surprise to many people. He had been the leader of the International Council party in Ontario for many years, and he was a very popular figure.

There were many reasons for Mr. Thompson's resignation. One of the main reasons was that he was feeling that he had done his best for the province, and that it was time for him to step down.

There were also many people who were disappointed that Mr. Thompson was leaving. They felt that he was a great leader, and that they would miss his guidance.

Experimental Farm Tests Lack of Sulphur in Soils

A study to show how much sulphur is in the soil and how much is needed for crops was conducted by Dr. J. H. Boller, who is in charge of the experimental farm tests at the University of Alberta. The results of the tests show that the soil in the experimental area is deficient in sulphur. This is the first time that the results of the tests have been made public. Dr. Boller says that the results of the tests show that the soil in the experimental area is deficient in sulphur. This is the first time that the results of the tests have been made public.

ASSETS FROZEN?

Don't let your insurance - personal or corporate - get into the hands of a law. When you invest your money in Treasury Branch Term Saving Certificates, you enjoy the warm glow of financial security. Because you know you can get your money whenever you need it, you can start investing. You can start a Treasury Branch Term Saving Certificate any time, any day, or you can use it as collateral for a Treasury Branch loan, on which you pay only 6% interest on your diminishing balance. This makes a Treasury Branch loan just about the cheapest money you can have.

There are only five Treasury Branches in Alberta. But your nearest one and find out how the Treasury Branch can help keep your assets safe - yet still at Albert's own risk. Complete Treasury Branch financial services include:

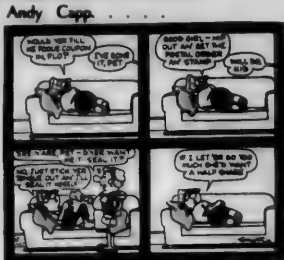

Term Saving Certificates
Personal and Corporate Loans
Savings Accounts
Dividend and Interest Payments
Insurance and Life Insurance

Delegates Protest Council Decision

Protest against council's action to displace displays of merchandise on store shelves was made by a delegation consisting of Harriet Bailey and Harold Johnson at last Monday's meeting.

Mr. Bailey said he couldn't understand council's sudden interest in the display of merchandise.

He would allow him to go to the sidewalk in front of his premises to a width of five feet.

The question was referred back to the protection to persons and property committee for opinion.

He lived with his two sons until his passing.

The sons were born four children, three sons and one daughter. She was predeceased by her only daughter on May 28, 1939, and by her husband on November 18, 1937.

She is survived by three sons.

What's the spelling on the word "conditioning"? It's a word you need to know, for it's nearly the most important thing in keeping your bird happy. Conditioning means that you can get your bird to do just what you want it to do, and that's a real handy thing to know, because the birds never can do what you want of them unless you've conditioned them.

1. Adjust your voice.
2. Chase and re-catch your bird.
3. Chase and corner or disarm.
4. Always introduce food without giving commands.
5. Identify him to the location.
6. Chase obedient birds to proper location.
7. Chase and feed calling notes.
8. Signal of tone commands to avoid birds.

EDITORIAL

Representation by Remote Control

KREB's interest in the forthcoming provincial election is being shown by the number of voters in this riding, as is evident by the large attendance at PCA political forums which were held last week.

Title for the "candidate issue rally for election" in this constituency would surely be "KREB's representative of the House of Commons" or "KREB's representative of the House of Commons."

Jack O'Connell, PC candidate and county councillor, is striving hard to get the provincial Conservative program, and is receiving strong support from his constituents.

Action On The Park

COUNCIL of the town of Lacombe is not to be discouraged by the fact that the provincial government has not yet established a community center.

Teachers' Salaries

As official from the Alberta Teachers' Association in Edmonton has stated that teachers across the province are waiting for a decision on their salaries.

GREEN ACRES

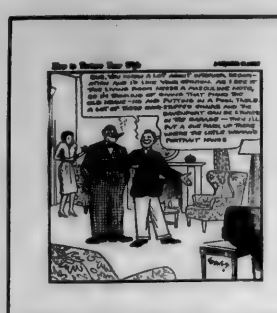

Walter McNary, District Agent, has been visiting in the area and is looking for new green acres.

The major portion of our new crop program has been to be done by the end of the year. We are now in the process of doing so.

Lethbridge Lager

Others demand our Lethbridge Lager — they call it 'Lager'. This bright and brilliant beer makes the most of its premium malt. The smooth, uniform grain is largely due to our own pure grain hops given it the lively taste that appeals to Albertans. The unique taste tells you it's Alberta's original Pilsener.

Life Insurance for 20 Year olds?

Definitely. This is the best time to buy life insurance. At the beginning of your career, when the premium is low, you can buy a large amount of insurance for a small outlay. This is a great way to protect your family and your future. Life insurance is a smart investment.

Since when was a penny 'small change'?

No small change, your power pennies! They're big in value, comfort and convenience when you're in the yard around the farm. Power pennies are the only pennies that have doubled in value in the past 20 years. Here's what one power penny will do for you:

Bentley CGIT Visit Lodge Here

BENTLEY — CITY girls of Bentley visited the Bentley Lodge on Friday and presented an interesting program to the members of the Bentley Lodge.

The girls, who were accompanied by their mothers, presented a variety of talent and a play. The girls were very well received and the program was a great success.

Miss Ann Miller of Calgary was the guest of honor at the Bentley Lodge. She was accompanied by her mother and sister.

The Bentley Lodge is a very nice place and the girls enjoyed their visit very much.

A 1947 power penny is worth a lot more these days.

While the buying power of an ordinary 1947 penny has disappeared into near oblivion, the buying power of a power penny has doubled over the past 20 years. Today a power penny buys a "houseful of happiness!" Just look at how little it costs to enjoy the convenience of electric appliances.

More Power to Your Penny with today's electrical living!
CALGARY POWER LTD.
111 eggs fried sunny side up or over for one power penny.
A home supermarket for 5 hours for one power penny.
Your breakfast table happy for 5 hours for one power penny.
A power penny and a dishwasher clean a sparkling load of dishes.
Play it cool! One power penny, air conditioner - "this heat's off".

What's the best beer in the house?

House of Lethbridge

How do you make a choice here? Well, Lethbridge Lager is the best, brewery brew. Lethbridge Pilsner the traditional beer - naturally good in the good old-fashioned way. Both are quality brewed, so it's a matter of individual taste. As you can see, both the beer and the glass are top quality.

It was fitting and proper that one of Alix's truly outstanding citizens should be honored in connection with the village's centennial park opening last Wednesday. During a life span from 1889-1983 Dr. Mary Ivor Purdy of Alix was a great Altonian and a great Canadian.

She arrived for 17 years as a member of the legislative assembly and was one of Canada's greatest fighters for the welfare of women and children. Among the bills she was instrumental in sponsoring were the child welfare act, the official guardian act, the alimony and maintenance act, the domestic violence act, and the children's unstarred present act.

Sugar and Spice

by Bill Smiley

Some of you gentle readers, undoubtedly live and love in a house with a garden. But how do you get the most out of it? The answer is simple: by using it to its full potential. This is a guide to help you do just that.

During the six years we have lived in this house we have tried to make the most of the garden. We have tried to make the most of the garden. We have tried to make the most of the garden.

One of the things that we have tried to do is to make the most of the garden. We have tried to make the most of the garden. We have tried to make the most of the garden.

Another thing that we have tried to do is to make the most of the garden. We have tried to make the most of the garden. We have tried to make the most of the garden.

One of the things that we have tried to do is to make the most of the garden. We have tried to make the most of the garden. We have tried to make the most of the garden.

Dear Friends,

In years past, the funeral director of a local business was the one of his departed. This is still the case here.

But in an even greater degree, there is a responsibility to the living. We do not have to provide comfort and privacy for the family and funeral.

Respectfully,

John J. Smith

Youth Trips To Expo

It took off to the excitement of the Expo which promises to be a most interesting and profitable trip for 75 youth to visit Expo '67. The trip is being organized by the youth of the city and the Expo is being held in Montreal, Quebec.

The next big planned occasion will be made up of 40 members of the youth of the city and the Expo is being held in Montreal, Quebec.

The Faces Are Much The Same

SOCIALIZED efforts in the provincial government have resulted in a number of changes in the faces of the government. The changes are much the same as those in the federal government.

After any general election, a premier has an opportunity to make wholesale changes in the cabinet. The changes are much the same as those in the federal government.

The Cost of Big Sport

WITH all our sports bills, but we can appreciate the cost of the big sport. The cost of the big sport is much the same as the cost of the big sport.

Local Grain Crops Still Need Moisture

Summer grain yields are expected to be in the 100 bushel to 150 bushel range, according to a report from the Lacombe area. The report, which was made by a local farmer, states that the grain is doing well, but it still needs moisture. The farmer says that the grain is in good shape, but it needs a good rain to bring it in. The report also says that the grain is in good shape, but it needs a good rain to bring it in.

Counter Action

EXTREMISTS in Quebec are trying to persuade all French Canadians that the province of Quebec should secede from the rest of Canada. In a particularly clear, they argue, can French Canadians say freedom, liberty, equality.

Appeal, no matter how foolish, have a way of sounding attractive to the masses in this age of upheaval and unrest. Bigger than a noisy protest in Paris doesn't help any, either.

How, the specialists make it sound like the choice is strictly

The Huteries At Clive

Indecious Driver Causes Highway Hassle

It was a driver who always showed about five feet and who drove like a madman who caused a highway hassle on the west side of a main highway, on Tuesday, when he drove into the lane of a truck and caused it to swerve and crash into the side of a car.

The driver, who was a man of about 35, was driving a dark-colored sedan. He was driving in the left lane of a two-lane highway when he suddenly swerved into the right lane and crashed into the side of a car.

The car, which was a light-colored sedan, was driving in the right lane. It was driving at a speed of about 40 miles per hour when it was struck.

Slight Hail Damage at Clive

HEAVY HAIL fell on the town of Clive, Ont., on Tuesday, causing slight damage to property. The hail was about the size of a pea and fell for about an hour.

The hail caused damage to the roofs of several buildings and to the crops in the fields. The damage was not serious, however, and the hail was not as large as the hail that fell in some other parts of the province.

Three Men Hurt

Three men were hurt in a collision between a car and a truck on the highway near Clive, Ont., on Tuesday.

The car, which was a light-colored sedan, was driving in the left lane of a two-lane highway when it was struck by the side of a truck.

The truck, which was a dark-colored sedan, was driving in the right lane of the highway when it was struck.

The driver of the car, who was a man of about 30, was hurt. The driver of the truck, who was a man of about 35, was also hurt.

A third man, who was a passenger in the car, was also hurt. The three men were taken to the hospital for treatment.

The collision occurred at about 10:30 a.m. on Tuesday. The cause of the collision is not yet known.

The highway was closed for about an hour after the collision. The highway was then reopened and traffic resumed.

Sales of money orders during the last fiscal year totaled

most insurance claims amounting to nearly \$20,000. Further sales made up \$20,000.

Distribution Point

Lacombe post office is a major distribution center, since the town is situated on commercial north-south and east-west highways. Mr. Thompson is responsible for supervising over post offices at the following localities: Buxley, 600 patrons; Linton, 300; Corbin, 25; Chicago

The dead classroom

A startling and proven fact: one classroom of high school students is wiped out every week because of car accidents.

It is an unfortunate statistic, but true. More young Canadians are killed in automobile accidents than by any other cause.

Young drivers as a group are involved in more automobile accidents than any other drivers. This is the simple reason insurance rates are higher for them.

We, in the automobile insurance industry, provide training courses, lectures and technical assistance to high school instructors to help them teach safe driving to their students.

Students who pass approved high school driver training courses earn lower insurance premiums.

At present, only 16% of high schools across Canada have these driver training courses.

Parents, teachers — just ask yourselves: Must a classroom be wiped out each week?

You can help prevent such tragedies by supporting driver training programmes in your community.

All Canada has been agreed to

Killed In Crash

Gordon Stewart Chisholm, 67, of Blackhawk last lost his life in a two-car collision on Mo. 13 highway five miles east of LeCombe, about 5:30 a.m. last Saturday, Sept. 9, 1967.

He was the driver of a 1960 Ford half-ton truck which rolled over head-on with a 1965 Chevrolet car. He was killed instantly. The driver of the automobile, seven months old, was a metal worker, and it has been going on a job at Hardisty when the accident occurred.

He was born in Saskatchewan on July 13, 1906, and lived in Alberta for the past 12 years. He served with the R.C.A.F. during the second world war. He wanted to marry in the

was taken to the University hospital at Edmonton by ambulance from Everetts Funeral Chapel. He suffered undetermined injuries.

Each driver was alone at the time of the crash. Both vehicles were taken to Peoples Auto Body Shop in Lacombe, and Mr. Pappas said they were "damaged."

RAMP highway patrol investigators said that the Peoples Auto Body Shop is owned by the same man who owns the two cars.

The deceased has been a resident of Blairfield for only two years. David and Rose and three daughters, Debra, Yvonne and Brenda, all live at home; his parents, Mr. and Mrs. Peter Gustafson of Laker, Sask., and four brothers, have moved to Regina.

Mr. Pappas will be held in Everetts funeral chapel at Lacombe this evening, followed by requiem mass at Edmonton Thursday afternoon, Sept. 2 at 2:30, by Father Cummings from St. John's church, Blairfield, at 8:00 a.m.

Past Summer Driest In History

Driest September has lul-
lowed the driest summer in
recorded history at Laramie.
Spelling out a weather fact
in capital letters "IT'S
BEING DRY."

the weather office at the La Cumbre research station said that "trout" can still be caught three days in the middle of September for a mean daily total of 52 inches. This record breaks the previous low of 3 inches set back in September, 1968. The long 1980 average is 154 inches.

Another unimpressive record is the total precipitation of 7.35 registered here between April 1 and September 28—nearly two inches less than

and military reserve in spring, and timely rains in summer.

September of 2001 did quite well: high temperatures records (31 one summer September, 1989), but still didn't suffer from lack of heat (no two days and no 100° this summer).

Finally, a synopsis of all info relating to rainfall temperatures, as compiled by the research station:

LaCrosse's population has failed to double in the last quarter century, according to a check of census totals compiled since 1941.

In that year, there were 1,803 persons living in Lacombe. Numbers continued to increase steadily with every five-year census up to and including 1985. In 1940, the population rose to 1,808. In 1951, it was 2,373; and in 1960, it was 2,747. In 1961, the population went to 2,940; and in 1985 to 3,149.

Mirror Election For Council Seat

Vacancies on village councils in the district were filled by acclamation last Wednesday, except at Elkhart where a three-way fight has developed for one seat.

Nominees are Bill Anderson, Ed Baker, and Larry Parent, with the election to take place in the village office polling booth on Wednesday, October 26, from 10 A.M. to 7 P.M. All council members received Wednesday.

Alta - C. O. Craigdon (anti) rejected by acclamations. Other councilors are Bob Struck and

LAFF OF THE WEEK

Two Elected To Clive Council

CLIVE — Thomas Bland and C. W. Johnson were elected to positions on the Clive council last night at a meeting held at the Clive Community Centre. Bland was elected mayor and Johnson was elected clerk. The council also elected a committee to study the possibility of a new Clive school. The council will meet again on October 11.

OTOMORE 8-14 has been a short fire prevention week in Canada. The Globe is pleased to prepare and publish a sponsored page of articles in the Lacombe edition of the department.

For chief (Don) and his crew of outstanding work in the line of the news and district. It is a great responsibility for a group of laymen to carry out the fire prevention to a community of 1,000 people, and to exercise it in such a way that the public is not only interested in the fire prevention, but also in the fire prevention.

Previous records can be used to determine how many fires in a bad fire and subsequent loss of value. Local firemen are very

Fire Prevention Week Oct. 8-14

Queen Elizabeth has issued a royal proclamation designating the week of October 8 to 14 inclusive as fire prevention week in Canada.

The proclamation takes note of the fact that in the past ten years 112,000 fires have claimed the lives of 1,000 persons, injured at least 150,000 others, and caused damage approaching the one and a half billion dollar mark.

In the proclamation, the Queen urged that all buildings, whether homes or commercial property, be inspected for possible fire hazards and that proper plans for evacuation be formulated for the event of fire.

For the three-week period of October 8 to 14, fire chiefs throughout Alberta will make daily reports of all fires to which they responded. These reports will be made public daily.

In the province of Alberta last year, fire claimed the lives of 100 persons and caused fire losses to the value of \$1,000,000. The loss due to fires is not included in this figure.

Look For These Five School Areas

There are five main areas in which the education system is being developed. The first is the general office, the second is the library, the third is the cafeteria, the fourth is the gymnasium, and the fifth is the playground.

The value of the school is not only in the building but in the people who use it. The school is a place where the future is being built.

Course in Business is Varied One

A complete business course is offered in the school. The course is designed to give students a practical knowledge of business and to prepare them for the world of work.

The school is equipped with the latest in business equipment. The students are given the opportunity to learn from the best.

It is with pride that we announce the

Grand Opening

of a newer, larger and better Drug and Pharmaceutical Retail Store in Lacombe, on

MONDAY, NOVEMBER 13, 1967

GORDON C. SWEET

F. DEAN ENGLISH

Gordon C. Sweet and F. Dean English announce the formation of a new company — Sweet & English Pharmacy Ltd. — and the opening of a new Drug Store on 50th Avenue, Lacombe.

The new, larger premises will provide a full and complete Drug and Prescription Service for town and district.

This new business is a merger of the two former businesses operating as Sweet's Pharmacy Ltd. and English's Pharmacy. These latter two retail outlets will close their doors to business on Friday, November 10 at 6:00 p.m. After hours calls may be made to 782-3666 or 782-3253.

TO MARK THE OCCASION OF OUR GRAND OPENING, WE HAVE A LARGE NUMBER OF DOOR PRIZES FOR THOSE WHO VISIT DURING OUR FIRST DAY IN BUSINESS AT OUR NEW PREMISES.

Special treats, also, for children who are accompanied by parents.

TO HAVE YOUR NAME ENTERED FOR A DOOR PRIZE, PLEASE SIGN OUR GUEST BOOK AT THE FRONT OF THE STORE.

IT IS OUR CONSISTENT AIM TO PROVIDE YOU WITH THE WIDEST POSSIBLE SELECTION OF MERCHANDISE AT THE LOWEST PREVAILING PRICES... AND TO PROVIDE, ON OUR FLOOR, A PERSONAL AND FRIENDLY RELATIONSHIP WITH OUR CUSTOMERS, BOTH OLD AND NEW.

● Come see our new store. We are sure you will like it!

Grand Opening

Our Prescription Service in our new store has an *file*, all prescriptions formerly filled at Sweet's Pharmacy or English's Pharmacy.

FROM THE BIG COUNTRY... Alberta

THE BIG FLAVOUR... Labatt's Blue

For the resourceful trapper, the rich rewards of Alberta's northlands supply the great things brewing in the Big Country.

Also brewing here, is Labatt's Pilsener, the great light beer most westerners call BLUE. Labatt's Blue is the big, man-sized flavour. It's master brewed, so it's always smooth... always satisfying.

Praise Activities of Bentley School Students

Bentley, Minn.
December 23, 1937

Dear Sir:

We would like to take this opportunity to congratulate the students and teachers of the Bentley School on their excellent work and participation in the 1937-38 season.

This is the fourth year since the year that Bentley and the community took part in the 1937-38 season. The high school and the community took part in the 1937-38 season.

With warmest wishes and good wishes, we wish the Bentley School the best for the future.

Sincerely,
Mrs. J. H. H. H.

This penny spends most of its time in the kitchen. (What's in it for the men?)

Plenty! Because the value of a power penny has doubled in the past 20 years, you can be free of those Saturday morning tasks. Enjoy the luxuries of electricity. Watch your favorite sports. Drive in comfort. Build your own rampart room. One little power penny can add so much pleasure to your life.

LABORER! Forget them. One power penny runs your home workshop for an evening.

Wife, a sewing machine - no more missing buttons or zip repairs.

Carol, a fern, a turkey, corn in mince.

One power penny keeps your car cozy and warm for almost an hour.

On an avaricious underclock, one power penny takes you from kitchen to final lockdown.

MORE POWER TO YOUR PENNY with today's electrical living!

How Best to Cook That Christmas Ham

Best is a ham, and the best is a ham. Here are some tips on how to cook a ham.

1. To cook a ham, first remove the skin. Then wash the ham in cold water.

2. Next, rub the ham with a mixture of salt and pepper. Then place the ham in a large pot.

3. Add water to the pot and bring it to a boil. Then reduce the heat and simmer for 2 hours.

4. After 2 hours, remove the ham from the pot and let it rest for 15 minutes.

5. Finally, slice the ham and serve it with your favorite sauce.

6. Enjoy your ham!

Centennial Feature Ends

If this last issue of 1967, the Globe concludes its special centennial series of pictures. A total of 16 photos were published depicting the early days of Lacombe and district. From the many comments received, we have our readers have enjoyed a pictorial review of the past to commemorate the centennial.

A number of the early photo-

graphs were contributed by residents, some were reproduced by the Lacombe studio, others were from the Globe files, but most came from the personal collection of a pioneer cameraman, Ben J. Cameron.

All were being carefully preserved for publication another day. Who knows? Perhaps for use on Canada's 100th birthday.
